

# CERTIFICATE PENETRATION TEST

**SySS GmbH**  
**Schaffhausenstraße 77**  
**72072 Tübingen**

hereby confirms that it carried out a penetration test for the company

**itdesign GmbH**  
**Friedrichstraße 12**  
**72072 Tübingen**

**Test item:** Web application "Meisterplan" including the providing infrastructure and web service

**Test period:** December 9, 2021 to January 24, 2022, and a retest on March 18, 2022

**Test depth / resistance period:** The simulated attack lasted 8.5 person-days (actual test period).

**Summary of test results:** Vulnerabilities of low and medium severity were discovered during the test period. However, at the end of all test activities, SySS GmbH hereby confirms that the relevant vulnerabilities have been successfully rectified.

**Recommendation:** SySS recommends that the test item be retested after every significant change or at the latest after one year.
